(Limited quantities available)

NOVEMBER IS FIRST AID FOCUS MONTH

What is First Aid?

According to OSHA, First Aid refers to medical attention that is usually administered immediately after the injury occurs and at the location where it occurred. It often consists of a one-time, short-term treatment and requires little technology or training to administer. First aid can include cleaning minor cuts, scrapes, or scratches; treating a minor burn; applying bandages and dressings; the use of non-prescription medicine; draining blisters; removing debris from the eyes; massage; and drinking fluids to relieve heat stress.

Upcoming Events:

Caltech Security Bike Fair
Thursday, November 6, 2025, at 11:30am
East San Pasqual Walk
This is a partnership event with Caltech Security and Pasadena PD. If you have a bicycle you would like to register, for free, you will be provided a U-lock (while supplies last) if you have a campus ID and sign up for both free permits.

CPR/First Aid Recertification
Friday, November 20, 2025, at 8am-12pm
This recertification class can be found on MyLearn through Access.

CPR/First Aid Training
Friday, November 21, 2025, at 8am-4pm
You can earn your American Red Cross Certification by registering on MyLearn through Access.

PARKING UPDATES

If you haven't already done so, please be sure to fill out your annual [Transportation Survey](#).

Participation by Caltech all staff, faculty, and student employees (including those working from home) will help Caltech maintain compliance with state Clean Air Act requirements. The simple online survey takes only two minutes to complete.

A LITTLE REMINDER

Our Campus Card Office has moved to CES 105!

FAKE SHIPPING NOTIFICATION EMAILS AND TEXTS

Protect yourself from scams! Here is what you need to know this holiday season:

- If you get a message about an unexpected package delivery that tells you to click on a link for some reason, do not click.
- If you think the message might be legitimate, contact the shipping company using a phone number or website you know is real. Don't use the information in the message.
- If you think it could be about something you recently ordered, go to the site where you bought the item and look up the shipping and delivery status there.
- No matter the time of year, it always pays to protect your personal information.

HOLIDAY BREAK CRIME PREVENTION TIPS

If you are leaving for the break:

- Lock dorm rooms, apartments, and office doors. Check windows as well!
- Take valuable items with you such as computers and bicycles.
- Bring home any keys or ID cards.
- Avoid leaving building doors propped open.
- Do not park your car at night and leave the next morning. Luggage and valuables left in plain sight may become easy targets for thieves.

If you are staying for the break:

- Do not let anyone you do not know into the buildings.
- Walk in well-lit areas. Take the safest route, not the fastest route.
- Be aware of your environment.
- Avoid walking alone in the dark.
- For your personal safety, Security provides escorts to the campus community. An officer will accompany you to or from locations on or off campus. Call 626-395-4701.

Always remember: if you see something, say something! Report suspicious persons or activity to Campus Security at 626-395-4701.
